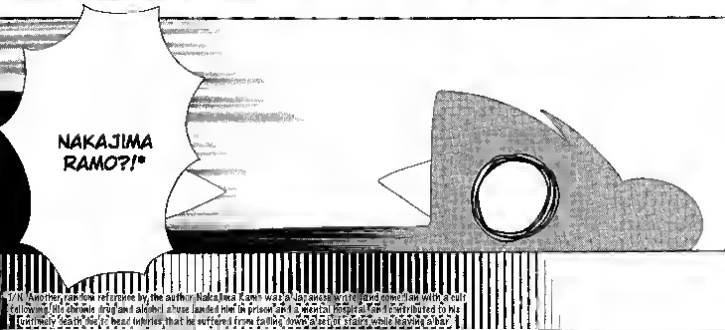
T/N: The phrase Eiji used literally means 'eat shit,' but it's an expression to indicate you think something's absurd. It's not equivalent to the English expression and we've translated it dynamically. One of those things that just doesn't translate well.
YOU, AREN'T CONCERNED ABOUT HIM?



*TN: Another rare-book reference by the author. Nakajima Ramo was a Japanese writer who died in jail with a cult following after chronic drug and alcohol abuse landed him in prison and a mental hospital. He is attributed to his notoriously death-like, head injuries, that he suffered from falling down a set of stairs, while leaving a bar.

Translation notes from pg09

1 *"'At Bar' and the interview collection collaborated with Ishi-san are a few that I like."* - "At bar" is shortened from "Tonight, At All Bars," which is a book by Nakajima published in March 1991. It won 2 major Japanese literature awards. Ishi-san is Ishi Shinji, a writer who Ishikawa collaborated with on "Questions of That Matter."

2. *"Kondou Kyouhei-san"* – Kondou Kyouhei is a dancer/choreographer who runs the Japanese dance company "CONDORS." He choreographed for several TV series and movies and also acted in a few.

3. *"Recently Asano Kazuyoki-san" is so unbearably cute."* - Asano Kayuzuki (real name Katou Narttaka) is an actor signed under Stecompany. His last major role was in "POOR TO POOR" as Sumida Shouji. He also acted as the vice-principal in the TV series "ROOKIES." Yes, he's an old man. No, I don't think I've got the wrong guy.

4. *"Tolgorsuren Dagvadorj and Davaanyam Byambadorj"* - Both are sumo wrestlers from Mongolia with Japanese names Asashouryuu Akinori and Haruumafuji Kouhei, respectively.

5. *"Hercule Poirot and Arthur Hastings"* - They are fictional characters from Agatha Christie's detective novels.

6. *"Okkusenman"* - Just wild this. It's long and random. – And we're exhausted. Basically, it's music from Megaman with community-written lyrics added that became an internet meme in Japan.
